

Body - Font style will be verdana, arial, sans-serif,
Default font size is 16em,
Background color: #F5F5F5

Paragraphs - Will take on the same font and color of the body

Header - Padding of 1em,
Background color: #A4C639

Header H1 - color: #8B4513

Nav - Displayed horizontally,
Text color: #8B4513
Text-decoration: none,
background : #F5DEB3
Hover colors will be inverted of static colors

Lists - For the Pros and Cons I want to bold the titles and keep the numbers
The fonts will stay the same.
The tips will just be a list without any bullets or text-decoration: none;

Tables - For my price comparisons page it will mainly be table to be able to hold all the
information for the items. With a plain white background and padding being about 8px/
.5em

Articles - The main articles will be on the home page and link to the appropriate article.
They will have a border of 1px color gray.
Padding: 1em
Margin: 2em
